

SUMMER 2008

Voice of the Voiceless presents:

FLASHPOINT

Volume I: ANIMAL RESEARCH LABS

Names and addresses of animal exploiters

FLASH

POINT

This represents a complete list of registered research labs in the United States. This list covers all labs using regulated animals, which include most species excluding mice, rats, and birds. Hundreds of additional labs exist which use only these species, and continue their work without a USDA paper trail. Finding these labs is left to your creativity.

Note:

- 1) A small handfull of the facilities listed conduct benign observational research outside of laboratory setting with a motive of conservation. They are compelled by federal law to register with the USDA, and are therefore listed here. Always do your research.
- 2) When listed, the addresses here are often a company HQ address and not that of the location where animals are held. The address given will be a start towards locating the research facility.

Rats, mice, birds, amphibians, and other animals have been excluded from coverage by the Animal Welfare Act. Therefore available USDA lists do not include research facilities which imprison only these animals. It is estimated over 90% of animals killed in U.S. laboratories fall in this category. Guerilla investigative tactics will be useful in locating unregistered labs.

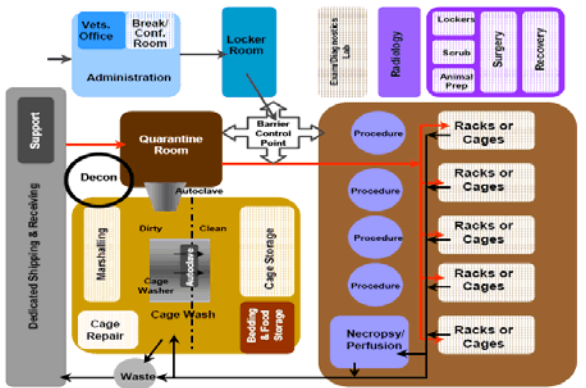

Herein are the names and listed addresses of all USDA registered animal research laboratories. Each year these companies are guilty in the deaths of over 20 million animals .

The Problem:
Over 20 million animals butchered in U.S. laboratories each year.

The Culprits:
The facilities listed here.

The Solution:
...begins with you.

Over 10 billion animals are killed annually for "food" and "science", and it is the obligation of all of us to expose these horrors. The Voice of the Voiceless (.org) **Flashpoint** volumes are presented to address a simple fact: animal abuse industries owe their existence to their secrecy. In giving animal exploitation an exact physical location, the abstraction is removed and we are confronted with the duty that comes from living amidst a modern day Holocaust.

Knowledge bears responsibility.
